#### 2 Acceptance of the Terms and Condition

2.1 This document sets out the Terms and Conditions that apply to the T&E Employee owned Card and the Micro Purchase Card. By signing the 'Mastercard Corporate Prepaid Card Agreement for the T&E Employee Owned Card or Micro Purchase Card' the Applicant declares to be aware of these Terms & Conditions and agrees to the applicability of this. Online terms and conditions can be accepted by the Applicant through a "click to agree" or "accept" button.

2.2 The Cards are issued by the Bank pursuant to a license from Mastercard. At all times the Cards remain the property of the Bank.

2.3 Any appendices or schedules to these Terms and Conditions form part of this Agreement and will have effect as if set out in the body of this Agreement. Any reference to this Agreement includes the appendices or schedules.

#### 3 Prepaid Cards

3.1 The Card is a payment instrument which may be used to pay for goods and services at participating Merchants that accept Mastercard cards. There must be enough funds on the Account to make a payment. As with any payment instrument, the Bank cannot guarantee that a Merchant will accept the Card. In case of uncertainty, check with the Merchant before attempting the transaction.

3.2 The Card is not a credit card. The Bank will not finance a purchase. The Cardholder must have enough funds on the Account to pay for each purchase, payment, or cash withdrawal. The Card is intended for use as a means of payment. The Cardholder will not earn interest on the balance of the Account.

3.3 The Card is a Dual Currency Card. The first currency of the Card is the United States Dollar (USD); the second currency of the Card is the Surinamese Dollar (SRD). A maximum reload limit applies per currency and per card type. Each Card has two Prepaid Accounts of which one account is in USD and the other account is in SRD.

3.4 If the Cardholder performs a card transaction in a currency (the transaction currency) other than the SRD currency, then Mastercard will convert the transaction amount to the USD currency. The Bank has no influence on the conversion rate. Only if the transaction currency is SRD, then the Account in SRD is charged for the transaction. Additional holds will be applied to these transactions where currency conversions take place. The final transaction amount is based on the currency exchange rate at the moment of completion of the transaction by the Merchant.

3.5 The Card is non-transferable. The Cardholder shall not permit any other person to make use of the Card. If this occurs, the Cardholder will be liable for all resulting transactions and any fees and losses incurred, even if the other person was a minor or did not comply with any limitations placed on their use of the Card.

3.6 The Card may not be sold, transferred, duplicated, modified, distributed, licensed, and portrayed in any other way, or used in any way than the Bank has intended for its use.

3.7 The Card has an accompanied PIN. The Cardholder is obliged to keep the PIN and the Card strictly personal. The Cardholder may be required to enter the PIN to perform a POS transaction, whereas the PIN is always required for ATM transactions.

3.8 The expiration date of the Card is printed on the back of the Card. The Card is valid until the last day of the month that is depicted on the Card. The Card is deemed expired after that date and the Cardholder is not able to use it further. The Cardholder may request a new Card.

3.9 Changes to personal information of the Cardholder must be reported to the Bank at the Cardholders earliest convenience. The mobile number is used for the One Time Password that might be necessary for an e-commerce transaction and to link the Card in the Uni5Pay+ App. For certain e-commerce transactions Mastercard ID Check will authenticate the Cardholder by sending a One Time Password to the mobile number registered in the system.

#### 4 Customer Due Diligence for Prepaid Cards

4.1 The Bank is required by law to hold certain information about the Cardholder. The Bank uses this information to administer the Account, and to help the Bank to identify the Cardholder in case the Card is lost or stolen. The Bank keeps this information as long as needed and for the purposes described.

4.2 The Cardholder must be at least 18 years old unless the Bank provides notification otherwise. The Bank may require evidence of the Cardholder and of the address. The Bank may ask the Cardholder to provide some documentary evidence to prove this and/or the Bank may carry out checks on the Cardholder electronically.

4.3 The information the Cardholder provides to the Bank during the application for the Card or any time thereafter must be accurate and truthful. The Cardholder must ensure that the information that is provided is always accurate and up to date. The Bank shall not be liable for any loss arising out of the Cardholders failure to do so. The Bank reserves the right to ask the Cardholder at any time to confirm the accuracy of the information or to provide documents or other evidence to verify the information that is provided.

4.4 The Cardholder is responsible for all charges and fees incurred while receiving funds through Mastercard Send. Additionally, the Cardholder might need to undergo a KYC (Know Your Customer) check before using the Mastercard Send service. The bank holds the sole discretion to refuse this service to a Cardholder.

4.5 Communications to the Bank excluding Card locking and reporting of lost/ stolen Cards, must be made in writing or by e-mail, unless another means of communication has been expressly agreed with the Bank.

4.6 Acceptance of these Terms and Conditions will indicate to the Bank that the Cardholder agrees to the measures described in this Agreement being undertaken.

## 5 Fees and charges associated with the Prepaid Cards

5.1 The fees and charges associated with the Card form an integral part of these Terms and Conditions. These fees and charges are given in the Fee Structure on the website of the Bank or can be provided to the Cardholder upon request together with a copy of these Terms and Conditions by emailing Customer Service. Unless otherwise indicated, all fees and charges shall become applicable as of the date the contract is signed by the Applicant.

5.2 The Card makes a distinction between inner charges and outer charges. Inner charged fees are deducted from the Account balance. Card fees and Transaction fees are set up as Inner Charged. The Transaction fees will be charged when the transaction is executed. If the Account balance is insufficient to cover the fees, the Bank may refuse to execute the transaction. Outer Charged fees are not deducted from the Account balance and are paid by the Cardholder directly.

5.3 The deduction of fees cannot result in a negative Account balance. The Bank will attempt to collect the fees the moment there is a positive Account balance. The Cardholder is required to pay the fees by loading enough funds into the Account. Failure to do so is a breach of these Terms and Conditions. Payment of the fees is due immediately without notice; however, the Bank reserves the right at any time to send the Cardholder reminders to load funds. The Bank reserves the right to charge the Cardholder expenses the Bank has reasonably incurred in connection with any debt collection or enforcement efforts.

## 6 Prepaid Cards Usage

6.1 The Card may only be used by the Cardholder. Cards are non-transferable, and the Cardholder is not permitted to allow other people to use the Card, for example by disclosing the PIN or allowing them to use the Card to purchase goods via the Internet.

6.2 Mastercard allows the merchant to complete certain transactions for a higher amount than authorized, as specified in the Mastercard Authorization Manual. This flexibility applies to transactions regarding gratuity in restaurants and transactions where currency conversions are applicable and are subject to change as outlined in the Mastercard Authorization Manual. Aforementioned transaction, amounts may exceed the authorized amounts. If available funds are insufficient for the total transaction, the bank will approve the full amount. However, this approval can result in a negative balance in your Account, and the Bank will recover the outstanding amount. The exceeded funds shown in the Cardholder's Account will be deducted, along with applicable fees, from future top-ups to the Cardholder's Account. It is the responsibility of the Cardholder to ensure that the Card has enough funds for the entire transaction, including any potential extra charges. Until the Cardholder's Account is back in good standing, the bank can limit or suspend the use of the Card.

6.3 Normally, the Bank will be able to support transactions 24 hours per day, 365 days per year. However, the Bank cannot guarantee this will be the case, and in certain circumstances, for example a serious technical problem, the Bank may be unable to receive or complete transactions.

## 7 Lost, stolen, and damaged Prepaid Cards

7.1 The Cardholder will take reasonable care to keep the Card safe from loss, theft, or misuse.

7.2 If the Card is lost, stolen or damaged, it must be reported through the Uni5Pay+ App by conducting a "loss report" in the Card menu. Additionally, the Cardholder must notify the Bank immediately by following the relevant instructions on the Website. Following satisfactory completion of the verification process, the Bank will then block any lost or stolen Card and cancel any damaged Prepaid Card to prevent further use.

7.3 After the Cardholder has notified the Bank of the loss, theft or risk of misuse, and providing that the Bank is able to identify the authorized Cardholder and satisfy certain security checks, the Bank may issue a replacement Prepaid Card and/or PIN to the Cardholder. See Fee Structure for details.

## 8 Chargebacks

The Cardholder can dispute a transaction by providing detailed reasons to the Bank. Submitting a chargeback request does not guarantee the Cardholder any specific rights or protections, meaning that while a chargeback request can be made for issues such as defective goods, non-received items, incorrect charges, or canceled payments, initiating a chargeback does not guarantee that the Cardholder will win the dispute and receive a refund. The outcome of the dispute is not assured, it depends on the specific case and the evidence provided during the dispute process. Additionally, chargeback request fees are non-refundable.

### 8.1 Timeframe for Disputes

Chargeback requests will be accepted up to 60 days from the date that the Transaction appeared on the Account. It is crucial for the Cardholder to inform the Bank about disputed transactions as soon as possible.

### 8.2 Supporting Documents

Any documents the Cardholder provides to support the dispute must be in English or accompanied with an English translation. These documents should clearly support the reason for the dispute.

If the circumstances surrounding the suspension of the Card are resolved to the Banks reasonable satisfaction, the Card will be reactivated and available for use or replaced if necessary.

10.8 If the Card is cancelled or this Agreement is terminated or otherwise not renewed the Cardholder will not be able to access the Account, but the Cardholder may withdraw any remaining funds by contacting Customer Service and requesting that the funds be sent to the Cardholder in a manner that is reasonably acceptable for the Bank.

10.9 If the Cardholder wishes to terminate this Agreement, all outstanding fees owed to the Bank must be fully paid by the Cardholder. In the case of early termination, the full annual fee of the current subscription year will be considered as part of the outstanding fees.
